- Shakiyla Vinson- Junior
- Branden Ellis- Senior
- Thomas Oshakyl- Senior
- Eric Booker- Junior

Each student received \$250. = \$2000. given to CU students as book awards.

Goals for 2014/15: The Montgomery County Chapter has grown from 39 alumni to its present membership of 59 Cheyneyites. The aim of the chapter is to promote activities to attract and retain the multigenerational alum in the county and increase the number of student book award recipients. The chapter also would like to be more visible in the community. It has visited four different churches. MCCA has also participated in the restoration of a history burial site. Other methods of being visible have been to support Black organizations through Ads. Remember, Cheyney was first established in our county.

We will continue to have Scholarship workshops on campus and are working toward the establishment of an additional mentoring program to recruit and retain Cheyney students. We are collaborating with local chapters to achieve this goal.

MCCA feels that alumni support is paramount if Cheyney is to continue to exist. We support the "Heeding Cheyney's Call" initiative.

- a) Funds submitted to CUNAA for assessment: National Alumni's Percentage (20% of net profit) \$ 109.56
